Side-Entry Infloor

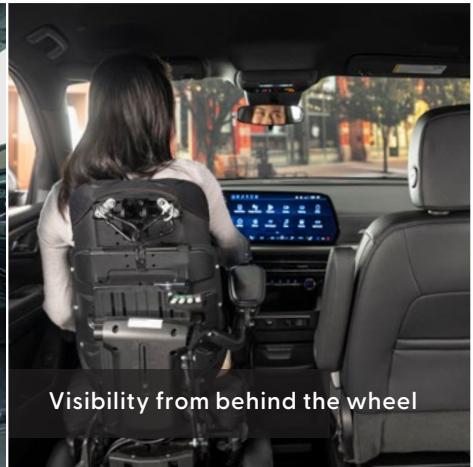

The BraunAbility Traverse is the most advanced wheelchair accessible SUV in the industry - built for both wheelchair passengers and drivers who demand reliability, space, and style. With cutting-edge engineering and thoughtful design, it's the perfect blend of innovation and everyday usability.

- Most spacious accessible SUV in the industry with enhanced cabin layout
- Wayfinder™ lighted infloor ramp improves visibility and stows beneath the floor to maximize interior space
- Heavy-duty 1,000 lb ramp capacity supports even the largest power chairs
- Extra wide door opening and redesigned glide door system for smoother operation and easier access
- SmartSuite+™ diagnostic technology with plug-in service port and maintenance indicator for improved serviceability
- Drive from your wheelchair or transfer to the driver's seat—flexible options for independent driving
- Seats up to 7 passengers, with configurations for multiple wheelchairs (seating options may vary based on payload)
- New dual cupholders and 17.7" touchscreen for added comfort and convenience
- Noise and vibration reduction for a quieter, more enjoyable ride
- OEM-developed full power cinch latch system for enhanced reliability and smoother door operation

Maximized cabin space for effortless entries and exits

Visibility from behind the wheel

Fully powered door and ramp at the push of a button

Built for Independence.

The BraunAbility Traverse delivers spacious, smart, and seamless accessibility—so every ride feels effortless.

Confidence Comes Standard.

The BraunAbility Traverse is designed with your comfort, convenience, and independence in mind—never as an afterthought.

Advanced Glide Door Technology for effortless access and improved serviceability.

Wayfinder™ Lighted Ramp System for safe, seamless entry.

Dual Cupholders for flexible front-seat convenience.

Generous Cargo Room for road trips, errands, and everything in between.

Fold-Down Footrest for rear seat passengers.

Tow Package comes standard.

Bold Design. Trusted Partnership. Total Freedom.

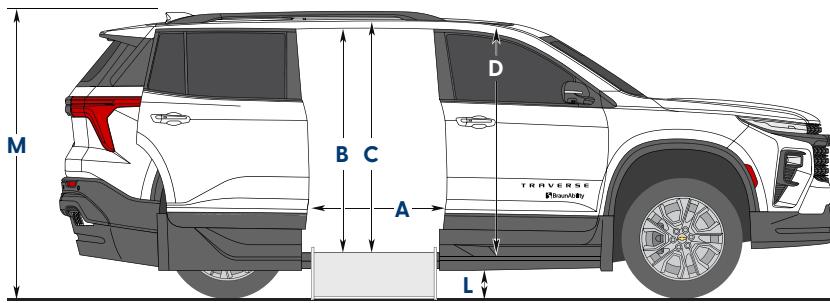

The BraunAbility Traverse combines Chevrolet's rugged, head-turning SUV design with BraunAbility's industry-leading accessibility engineering. Built in partnership with GM, this vehicle delivers the reliability you expect and the space you need—roomy enough for two power chairs and all of life's adventures. With advanced glide door technology and a GM-engineered body harness, every detail is designed for confidence, comfort, and control.

SmartSuite+ vehicle diagnostics to keep you on the road!

Experience enhanced reliability, convenience and streamlined service for optimal vehicle performance and user satisfaction. Industry-first diagnostic and maintenance indicator for greater piece of mind and ultimate independence.

Interior Width at Passenger Doors (Closed - Open)	J 61.5" - 64.5"
Interior Width at B Pillars	K 57"
Ground Clearance at Lowest Point (Unloaded)	L 4.5"
Vehicle Height	M 74.5"

Seats up to 7 passengers, with configurations for multiple wheelchairs (seating options may vary based on payload).

Due to manufacturing tolerances both with the OEM vehicle and the conversion components, all dimensions may vary slightly from those shown.

* Ramp angle subject to 1.5 degree variance based on chassis trim level and other environmental factors. Measured with a 250 lb approximated wheelchair passenger load at the center of the ramp.

Half a Century of Thoughtful Engineering

BraunAbility has engineered independence to the highest standards for over 50 years. When considering a mobility vehicle, remember what you can't see matters. A solid foundation with no shortcuts - that's the BraunAbility way.

Full Stainless Steel Exhaust System

Our fully stainless-steel exhaust system prevents rust and corrosion and is mounted as far from the ground as possible to minimize impacts from everyday use.

Custom-Made Fuel Lines and Hoses

New lines made to fit the wheelchair accessible floor with mating connections to fit the original manufacturer's vehicle. Designed for maximum safety and performance over the total life of your vehicle.

State-of-the-Art Brake Line System

New brake lines and fittings installed and properly routed for corrosion prevention and reliability.

New Wiring and Connectors

No stretching or retrofitting wires and no cutting corners. New Tier One sourced wiring harness with factory-original connectors.

Industry-Leading Safety Standards

BraunAbility is #1 in Safety - the most certified wheelchair accessible vehicle manufacturer in the industry!

Every BraunAbility vehicle is required to pass each of the following tests to ensure our customers' safety: FMVSS 208: Occupant Crash Protection, FMVSS 301: Fuel System Integrity, FMVSS 214: Side Impact Protection.

*Based on Dealer Service Technician Study

Rated #1 in Quality, Service and Value*

Preferred 15:1
by mobility service technicians
over other brands*

BraunAbility

*According to 2022 mobility technician survey conducted by BraunAbility in which technicians were asked which brand they would recommend to friends and family
